

## Back! By popular demand... MAPCON 5.x Fundamentals

After our 3 day training, you'll be able to:

- Track all of your equipment and facility information, including repairs, parts, and costs
- Administer the complete MAPCON system, including switches, system access, and startup information
- Navigate work management functions, including managing workflow, trouble calls, and work requests
- Set up and schedule preventive maintenance tasks
- Track vendors and manufacturers
- Implement an inventory management system including automatic reorder and replenishment
- Design your own personalized reports and place them for easy retrieval on your menu, or send them to Excel

### Who should attend?

- CMMS Administrators
- Inventory Coordinators
- Technicians
- Maintenance Staff

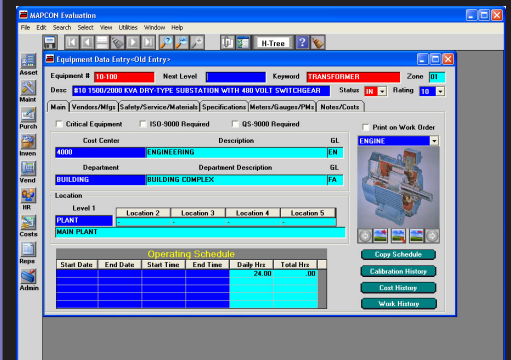

**Only  
\$1395  
per person!**
